1. The first bar represents the highest value, extending across most of the width of the chart.

2. The second bar is significantly shorter than the first, representing a lower value.

3. The third bar is longer than the second but shorter than the first, indicating a moderate value.

4. The fourth bar is the shortest of the group, representing the lowest value.

5. The fifth bar is longer than the fourth but shorter than the third, indicating a moderate value.

6. The sixth bar is the longest of the group, representing the highest value, extending across most of the width of the chart.

1. The first bar represents the highest value, extending across most of the width of the chart.

2. The second bar is significantly shorter than the first, representing a lower value.

3. The third bar is longer than the second but shorter than the first, indicating a moderate value.

4. The fourth bar is the shortest of the group, representing the lowest value.

5. The fifth bar is longer than the fourth but shorter than the third, indicating a moderate value.

6. The sixth bar is the longest of the group, representing the highest value.

1. The first bar represents the highest value, approximately 95%.

2. The second bar represents a value of approximately 75%.

3. The third bar represents a value of approximately 85%.

4. The fourth bar represents the lowest value, approximately 40%.

5. The fifth bar represents a value of approximately 65%.

6. The sixth bar represents a value of approximately 90%.

1. The first bar represents the highest value, extending across most of the width of the chart.

2. The second bar is significantly shorter than the first, representing a much lower value.

3. The third bar is longer than the second but shorter than the first, indicating a moderate value.

4. The fourth bar is the shortest of the group, representing the lowest value.

5. The fifth bar is longer than the fourth but shorter than the third, indicating a moderate value.

6. The sixth bar is the longest of the group, representing the highest value, extending across most of the width of the chart.
