```
func addSomething() {
```

```
performSegue(withIdentifier: "MySegue", sender: nil)
```

```swift
func segueToAddSomething(from viewController: UIViewController
```

```
protocol StoryboardCoordinator {
```

`sender: Any)`

```
coordinator.segueToAddSomething(from: self, sender: nil)
```

```
func addSomething() {
```

```
protocol StoryboardCoordinator {
```

```swift
func segueToAddSomething(from viewController: UIViewController
```

`sender:  Any)`
